## Fine Art Prints

Fine Art products are printed with a large format inkjet printer with the option of 3 unique materials:

- 1) *Fine Art Paper* – Fine Art paper is similar in look and feel to watercolor paper, and is a great alternative for fiber-based printing. This paper is more fragile than traditional photographic prints and must be handled and displayed with care. Standard sizes range from 8x10 to 30x40, with custom sizes available.

- 2) *Fine Art Canvas* – Printed directly on Fine Art Canvas material, unlike traditional canvas portraits where a photographic print is pressed and bonded to the canvas. Standard sizes range from 8x10 to 30x40, with custom sizes available.

This type of printing is great for both traditional portraiture and a more artistic style with impressionistic artwork.

40x60	992.00	992.00

- 3) *Gallery Wrap Canvas* – Our Gallery Wraps offer a striking way to present your images. We print your image on a special Canvas material and wrap it completely around the 1.5" or 2.5" stretcher bar. The outer edges of the stretcher bar are covered with the image. Standard sizes range from 8x10 to 30x40 with custom sizes available.
